

Dear Friends,

Beautiful and warm days are coming back step by step...

The Chateau de Valmer\*\*\*\*\* Relais & Châteaux and La Pinède Plage\*\*\*\* parklands are colorful and exudes floral fragrances. Wild peacocks are living around... and the close sandy beach facing the "Iles d'Or" offers an invitation to bath in a crystalline water. Our aim : coming back to your home abroad. Nevertheless, in these tough times, our teams keep going to worksafely in order to welcome you in the best conditions. The organic vegetables garden is quite ready to inspire our Chef's delicious and provencal cuisine.

Let's celebrate a friendly drink with our organic rosé wine.

At the Spa, we imagine some restful massages... Be sure that we make every effort to welcome you as soon as possible to enjoy your vacations in this magnificent property between countryside and seaside.

**Also, we are pleased to announce you the season's opening dates from june 12 , at le Château de Valmer and la Pinède Plage.**

With our warm regards,

Michel COLOMAS  
General Manager
